II stage of the competition of the International Maritime Festival "Brest-2016" Ukraine-France

The second stage of the competition among the cadets to participate in the festival of sailing ships in the French city of Brest in the crew of recreated Slavic rowboat "Anna Yaroslavna" took place on board the training sailing ship "Friendship" of National University "Odessa Maritime Academy" on 13 May, 2016.

8 of the best creative works on the history of navigation were submitted to the competition committee's attention. The commission was composed of employees of the University, as well as the representatives of the bar association "ACTIO", International News Agency "Vector News", the project leaders of "Anna Yaroslavna" and Charity Foundation named after I.Kuris. The Commission had the opportunity to conduct an interview with each of the cadets. It is particularly worth noting that two representatives of the Naval Faculty took part in the competition as well. All participants showed a high level of knowledge on the history of shipbuilding and the history of Ukraine, as well as fluency in the English language.

Two cadets will be selected by the bar association "ACTIO" in cooperation with the Charity Foundation named after I.Kuris, International News Agency "Vector News" and the project leaders of "Anna Yaroslavna" until the end of May. After that, the cadets will be given gift certificates for participation in the festival of sailing ships in France in July this year .
