The visit of the representatives of the United States Naval Academy to Naval Faculty of NU «OMA»

The representatives of the United States Naval Academy visited Naval Faculty of NU «OMA» from 20 to 24 November, 2016. The objective of the meeting was to conduct a seminar on the development of professional skills of the teaching staff in the framework of NATO's Defence Education Enhancement Programme (DEEP). Issues dedicated to the teaching of foreign language through the use of modern techniques, the organization of military specialists' training as well as perspective directions of work in the framework of NATO's programme were discussed during the visit.
